

- A MESSAGE FROM OUR TEAM -

Dear Valued Customer,

Ferrotrade International (Pty) Ltd now trades as **Schierle South Africa**

This change reflects our closer alignment with the Schierle Group — a name synonymous with precision steel since its founding in Düsseldorf in 1955. All existing accounts, contacts, pricing arrangements, and terms of trade remain unchanged. It is the same team, the same commitment, and the same service — now carrying a stronger, globally recognised identity.

- PRODUCT & OFFERING -

Schierle Siyaya GmbH – Combined Trading Activities

We have combined the trading activities of Schierle South Africa with those of our sister company, **Schierle Siyaya GmbH**, to create a single, comprehensive supply solution for precision tubular and bar stock products in Southern Africa.

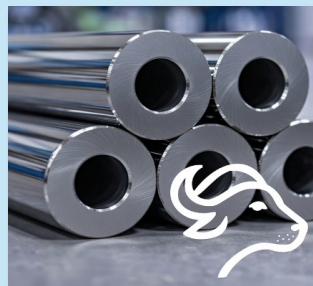

This means one trusted point of contact for all your **HYDRAULIC** and **STAINLESS STEEL** requirements:

PRECISION CYLINDER TUBES

Seamless, honed, EN & DIN standard — for hydraulic and pneumatic systems

CHROME PLATED BARS & TUBES

Hard chrome, induction-hardened, ground & polished piston tubes and bars

PISTON RODS

Precision-engineered for mechanical and plant engineering applications

SEAMLESS STAINLESS STEEL TUBES

Specialty grades SS321 / 321H / 316Ti — via Schierle Siyaya GmbH

Also available:

Line tubing (precision & standard) · Custom CNC machining · Instrumentation tubing

- COMPANY UPDATES -

Our New Websites & Digital Catalogues

Both entities now have updated, fully digital product catalogues online. You can browse specifications, dimensions, and materials — and submit quote requests directly:

Schierle South Africa: www.schierle.co.za

Schierle Siyaya GmbH: www.schierle-siyaya.com

- BREAKING NEWS -

Incoming Shipment APRIL 2026

⚡ Quantities are limited. Stock preferences will be allocated on a first-confirmed basis ⚡

An important product consignment is scheduled to arrive in South Africa in **March** up and until **mid-April 2026**. Please refer to the attached **Product Import List** for full details of incoming stock, grades, dimensions, and quantities.

To **reserve** your preferred items, please contact us as soon as possible. We strongly encourage early confirmation to avoid disappointment on fast-moving grades.

- HOW TO RESERVE YOUR STOCK -

1

Click on the Link

Visit the digital stock-list at <https://stock-shipment-april-2026.netlify.app/>

2

Browse the stock-list

Browse all 4 product categories with full grade and dimension details.

3

Select your items

Tick the items you need. The length field activates automatically — enter your required length in mm.

4

Open your reservation list

Click the 🛒 Reservation List button. A panel slides in showing all selected items and your quantities.

5

Enter your details

Add your name, email, company, and any special requirements or delivery notes.

6

Reserve Stock Now

Click Reserve Stock Now — your email client opens with a pre-filled request sent directly to Danie Els.

- CONTACT & ENQUIRIES -

We look forward to continuing to serve you under our new identity and expanded product offering. Please do not hesitate to reach out with any questions regarding this circular, the incoming shipment, or your specific supply requirements.

Warm regards,

Danie Els
